

The Nobel School - Pupil Premium Strategy Statement

1. Summary information

Academic year : 2016 to 2017

PP income received April 2016 : £227,200

Total number of students on roll (April 2016): 1167 (years 7-11)

Number of students eligible for pupil premium (April 2016): 261

Date of review – September 2016

Date of next reviews – March 2017 and September 2017

The strategic plan for pupil premium will focus on three main areas to close the gap between PP and non-PP students:

1. Getting ready to learn
2. Academic attainment, achievement and progress
3. Enrichment

Funding will be allocated to students who qualify for pupil premium i.e. those who receive FSM, (or have received FSM in the last 6 years, referred to as Ever6), students in care, (continuously for more than 6 months), students who have been adopted and those from families in active service with the armed forces.

2. Current attainment

	Pupil Premium students - Nobel	England state-funded schools – other pupils
Progress 8 score	-0.57	0.10
Attainment 8 score	38.7	53.3
Progress 8 score: English	-0.57	0.08
Progress 8 score: Maths	-0.13	0.10
Attainment 8 score: English	8.6	11.1
Attainment 8 score: Maths	8.2	10.5

3. How does the progress and attainment of disadvantaged students in all current year groups compare with the 2016 progress and attainment?

The % difference between disadvantaged and non-disadvantaged students who are not making expected progress (towards suggested training group at KS3 or FFTAspire 20 target at KS4) is diminishing. Although we do not have comparative data for the new year 7, the cohort has a gap that is a lower starting point than the previous two cohorts.

Year 7		Year 8		Year 9		Year 10		Year 11	
Below Track		Below Track		Below Track		Below Track		Below Track	
Difference % 2016	Difference % 2017	Difference % 2016	Difference % 2017	Difference % 2016	Difference % 2017	Difference % 2016	Difference % 2017	Difference % 2016	Difference % 2017
8.4%	-3.5%	-8.4%	-8.0%	-4.8%	-4.0%	-14.6%	-3.8%		

4. Barriers to future attainment for pupil premium students

Low levels of literacy, numeracy, prior attainment
 Challenging social, emotional and behaviour needs
 Pride in completion and presentation of school work

Low attendance and aspiration
 Interested and engaged parents

5. Desired outcomes

- Increased attainment for pupil premium students in English and maths
- Increased attainment for pupil premium students in EBacc subjects including science, humanities and languages
- Reduced levels of poor behaviour
- Increased confidence and attitude to learning
- Improved levels of attendance
- Increased parental and student engagement with school

6. Inspection Dashboard – November 2016

“Progress 8 in English or mathematics was significantly below average and in the lowest 10% for the groups: disadvantaged, disadvantaged middle. Progress was significantly below average and in the lowest 10% in at least one of EBacc or open elements or science, languages or humanities for the group: disadvantaged, disadvantaged low, disadvantaged middle.”

7. Action Plan

As stated above, the strategic plan for pupil premium will focus on three main areas to close the gap between our pupil premium students and other students nationally. Where colour has been used in the action column (Green = fully implemented, Amber = partially implemented, Red = not yet implemented). Where colour is used in the impact column, Green indicates that the strategy is having a positive impact on progress data, Amber indicates that the strategy is considered to be having an impact but can't be easily measured in data terms and Red indicates the strategy is either that we don't yet know the impact or hasn't had the desired outcome and will not be repeated.

a) Getting ready to learn – total budget £51,400

	Desired outcome	Action / approach	Rationale	Measuring impact	Staff lead	Review
1	Improved attendance	Breakfast club £8,250	Targeted students invited into school early to start the day calmly, nourished and in the right frame of mind to learn. 8. Key staff

In order to fully support the progress of PP students, the school has put in place the following staff structure:

- School Governor (SP) – link role for vulnerable groups. Governor is co-headteacher of local primary school who will challenge staff in terms of PP vision, action plan and monitoring as well as supporting activities which directly support the progress of PP students.
- Deputy headteacher (BBM) – PP role includes chairing intervention panel, monitoring performance of all vulnerable group students, reporting to governing body and authorising PP initiatives and spend and joint line management (with DoF) of pupil premium champions.
- Pupil Premium Coordinator (JML) – responsible for the smooth transition of PP students and their families into the Nobel community. Monitoring PP initiatives and spend. Building good working relationships with pupil premium students so they know where they can come for support (including uniform, kit, equipment, funding for trips/visits, extra-curricular activities, etc). Working closely with pupil premium champions, senior leaders, heads of year/faculties, SENDCo, TAs and SSOs to ensure positive outcomes for pupil premium students.

- SENDCo (LAY) – working closely with relevant staff and students who fall into vulnerable groups, especially where there is cross-over between SEND, PP, EAL, BME, etc.
- Pupil Premium champions – scrutiny of progress data to highlight where students require additional support, working closely with DoF and HoY to coordinate interventions and reporting regularly to SLT link.
- Key workers – appointed for students who are either Wave 2, 3 or 3+ and will focus on the progress of students, particularly those from disadvantaged groups.
