

LONG TERM PLANS

Year Overview (Geography – Year 12)

Humanities Faculty	
YEAR 12 – OCR	
Autumn and Spring term	
Topic 1	Topic 2
<p>Earth's life support systems</p> <p><i>Aims:</i> To understand the physical changes in these cycles and how they occur over time, from seconds to millions of years, and how these changes can be seen at a range of scales, from individual plants or trees to vast ecosystems.</p> <p><i>Key Assessment Activity:</i> Writing assessment</p>	<p>Changing spaces; Making places</p> <p><i>Aims:</i> To explore the relationships and connections between people, the economy, and society and how these contribute to creating places.</p> <p><i>Key Assessment Activity:</i> Writing assessment:</p>
Spring and Summer term	
Topic 3	Topic 4
<p>Landscape systems - Coasts</p> <p><i>Aim:</i> To explore how the landscape can be viewed as a system, how landforms developed within their chosen landscape and the influences of both climate and human activity on the coast.</p> <p><i>Key Assessment Activity:</i> Writing assessment:</p>	<p>Global connections; Migration and Human rights</p> <p><i>Aims:</i> Through case studies learners will build up a picture of how the world around them is shaped, the complexities associated with this and the resulting issues for people. Study will include the use of both quantitative and qualitative approaches across the global systems and global governance themes as a whole.</p> <p><i>Key Assessment Activity:</i> Writing assessment:</p>
