The Nobel School

Welcome to the Nobel School. This booklet will hopefully help you to familiarise yourself with the school as well as some of the staff.

Here are some pictures of people that you will interact with at Nobel.

**Head of Year 7 and Student Support Officer**

**The Bridge Team**

Left to right: Miss Wade, Mrs Lawson, Ms Amey (SENDCO), Mrs Marshall (Deputy SENDCO), Ms Allen-Chart, Mrs Kenney
Ground Floor

As you come into the school, you will automatically be on the ground floor. You will find the Dining Hall, the Main Hall and the Drama and Music corridor. Towards the front of the school is the Reception and the Library.
Ground Floor

If you are feeling unwell or need to take medication, you must go to reception. Any lost property will be sent to reception.

Science classrooms are both sides of the ground floor along with the Headteacher’s office and The Bridge.

Science

Science open classroom

If you need a quiet place to go you are more than welcome to come to The Bridge at break or lunch time.
Ground Floor

The Admin office is also located on the ground floor opposite the sixth form study area.

Sixth form study area

Main Stairs to first and second floor

The Grab and Go Counter
First Floor

On the first floor is Maths and Humanities. In Humanities you will learn History, Geography and RE. Head of Year 7, Mrs Jones, and year 7 Student Support Officer, Mrs Penney, have their office on this floor.
Second Floor

On the second floor is Communications. This is where you will learn English, French, German and Spanish.

Modern Foreign Languages

The Lift

We do have a lift in school. Students that are injured, or who are physically or medically not able to use the stairs can use this. To use the lift you need to have a lift pass. Your Student Support Officer will be able to issue this.
Lower Ground Floor

The lower ground floor is where you will find Art, DT and PE. The Gym, Sports Hall, Dance and the changing rooms are all on the ground floor too.

The ground floor also gives you access to the outside areas.
