

Consent Form

At the Nobel School, we sometimes take photographs of pupils. We use these photos in the school's prospectus, on the school's website, on the school's social media pages in school newsletters and on display boards around school. We also use videos and photos for assessment purposes such as analysing techniques in PE, Dance and Drama, or for evidence for coursework.

New data protection rules are in force and to ensure we are meeting the new requirements, we must have your signed consent for taking pictures and videos. The consent must be unambiguous and clearly recorded, so it is important that you sign each section in the signature column. We can only use photographs/videos for a specific purpose if it is clear that your consent has been given. We cannot assume consent has been given if there is no signature.

All images used will show the school and our students in a positive light. Your consent will be valid for the period of time that your child attends this school. However, some of our professionally taken images are renewed on a three yearly basis. Therefore, your child may still feature in school publications (such as the School Prospectus) until the photograph renewal date. Photos of pupils showcase what pupils do in school and show what life at our school is like and we would love to continue doing this.

If you are not happy for us to do this, don't worry – we will respect your wishes.

Please tick the relevant box(es), **sign and date** next to each box ticked and return this form to school or send to gdpr@nobel.herts.sch.uk.
