

A-Level Chemistry

To help you to make the best start in your new subject, and to help you explore different and enriching aspects of the subject, your teachers have prepared a Reading, Watching and Listening list. Please access all of these resources over the summer.

	Title	Description	Hyperlink
 Read	Chemistry world	This magazine addresses current events in world of chemistry including research, international business news and government policy as it affects the chemical science community, plus the best product applications.	https://www.chemistryworld.com/news
 Read	New Scientist	A magazine that covers all aspects of science and technology. The link takes you to the home page where articles related to Chemistry have been aggregated.	https://www.newscientist.com/article-topic/chemistry/
 Watch	The whole of AQA Chemistry Paper 1 in only 72 minutes	A great video to remind you of the content you covered in the first year of GCSE Science.	https://www.youtube.com/watch?v=MpQ-3YAwnHl
 Watch	The whole of AQA Chemistry Paper 2 in only 48 minutes	A great video to remind you of the content you covered in the second year of GCSE Science.	https://www.youtube.com/watch?v=HJu8WTtZJU
 Watch	Periodic video	Periodic Videos remind you why you wanted to study Chemistry in the first place! These are fairly short, fun and digestible videos.	https://www.youtube.com/user/periodicvideos
 Listen	Chemistry for your life podcast	A chemist explains the technical aspects of chemistry to a non-chemist, while they actively try to understand it and ask their own questions that often represent misconceptions or knowledge gaps that non-chemists may have.	All podcast platforms
 Listen	Chemistry in its element	Stretching back to 2008, this element-focused podcast covered the periodic table by 2010 and has since started covering basic compounds.	All podcast platforms
