2 Main Socio Theor	A theory, for our purpose, is something that explains the relationship between two or more things. A perspective can be defined as a way of looking at and seeing something. To have a perspective, therefore, means to look at something (whatever that thing might be) in a particular way. When we talk about the sociological perspective, therefore, we are talking about the particular way those sociologists, as opposed to non-sociologists to try to understand human social behaviour. Use the internet to find out about the main sociological theories. For each one explain the main idea and concepts and the key sociologists: • Functionalism • Marxism • Feminism • Action Theories • Postmodernism • Which sociological perspective do you agree with? Why? The YouTube channel below is good for summaries of the main theories: https://www.youtube.com/playlist?list=PL8dPuuaLjXtMJ-AfB_7J1538YKWkZAnGA https://revisesociology.com/sociology-theories-a-level/https://www.tutor2u.net/sociology/topics/group/theory-methods-key-terms

This is so we can separate each topic, making revision easier for you

Step 3: Purchase a pad of lined paper with a margin

Ideally, your notebook should have pages that you can take out. Students are encouraged to file their notes away regularly to keep all of their information in one place (your folder).

Step 4: Purchase a textbook

The core text that we use during the first year of sociology is:

AQA A Level Sociology Book 1 by Robb Webb, Hal Westergaard, Keith Trobe, Annie Townend
