How to work out your average point score (APS)

1. For Nobel Sixth Form your average points score (APS) is worked out using your best 6 grades
2. Each grade is worth the number of points shown in the table above
3. Add the 6 grades together and divide by 6

Use the following to work out your Average Points Score (APS) for your best 6 subjects:

Total points for best 6 subjects: _____ + _____ +
_____ + _____ + _____ + _____ = _____ (Total)

Average points score: (Total) _____ ÷ 6
= _____ APS
